

# EDGY BURGER

BROUGHT TO YOU BY  
FEELGOODS CAFE

EdgyBurgers began as "Veggie Burgers with an Edge" in the kitchen of FeelGoods Cafe, where their intense, creative flavor combos wowed customers. They became the cornerstone of the cafe's menu, and the Edgy line expanded to include non-veg varieties. In response to their popularity, FeelGoods adapted their menu to provide the ultimate Edgy experience for the health-food lovers, health-food skeptics, and everyone in-between. Enjoy!
